People often know, that if they say the **direct opposite** of the things they should not have done. As a 6 year old boy i already knew that if i say the direct opposite of what i have done the chances are big, that the parents will not think about that what i actually have done. **Kids fear the pain physical violence or psychological violence does to them, so it prefers to lie.** So it is also bad to throw with apples (in methaphysic manner sins) because children do not understand why this could make sense. When i was about 10 years i had to draw a filigree thing in school and i took a medium brush. The teacher saw that and told me (**cynic**) why don't you take a thicker brush, so the 10 year old Marc went to the brushes and took a thicker brush.... TRUE

Often the offenders say that they would attack me with weapons or things like a16 card. I guess they drove Tobias Moser to commit suicide with his weapon from the Army. I guess they first told the group that he was cyber-raping girls, the group agreed to kill him (m37 card). They did not ask me, but i would not have agreed. They also know that all those people that said no to kill him would later ask questions. Generic, later they asked me to agree to Kill Ruedi, i disagreed. My answer is "not in our name" AND "es gilt die Unschuldsvermutung", since i say this about 100 times every day i guess they would like to make me a killer too. **if played after m37 card this card is abused for confess prevention and mindcontrol key for the complete group.**
